

## **PRESS RELEASE FEBRUARY 2020**

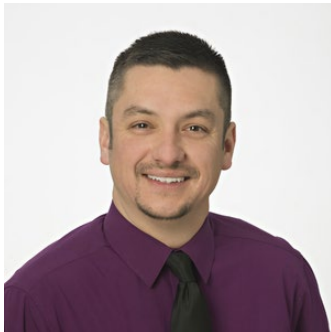

### **For: CONSTRUCTION PRESS & GENERAL RELEASE**

**February 21<sup>st</sup>, 2020 Toronto, ON**

### **Passive House Canada Welcomes Jeremiah Point to its Board of Directors**

Legalett Canada congratulates Jeremiah Point for his recent induction to the Board of Directors for Passive House Canada.

Jeremiah is the owner at Point Engineering, a company based in the Territory of Akwesasne. As a proud Akwesasronon he sees the benefits of incorporating new technology with traditional values in the pursuit of high-performance buildings. Jeremiah is new to the Passive House Canada Board this year and is committed to promoting the Passive House Standard across Canada.

We are pleased to have worked with Jeremiah for many years on Legalett's Passive House projects and are looking forward to his valuable insights and inspiration for constructing better, more efficient and sustainable buildings in Canada for many years to come.

Congratulations Jeremiah and Thank You to all Passive House Canada's board of directors for their work with this amazing organization.
